

Evaluation of the virtual patient collection

Thank you for participating in this evaluation survey. The purpose of this questionnaire is to provide us with feedback on the quality of the virtual patient collection you have just completed. Please share your experience of these virtual patients with us so that we may continuously improve. Select "n/a" (not applicable) in case a question is not relevant in your context. We would really appreciate that you answer all the questions.

There are 15 questions in this survey.
